SKILLS

- **Languages:** Malayalam | Tamil | English | Hindi
- **Software:** AutoCAD | SketchUp | Revit | D5 Render | Photoshop
- **Soft Skills:** Problem Solving | Teamwork | Project Management | Adaptability
- **AI Tools:** ChatGPT | Gemini | Claude | Meta AI | AI-assisted Architectural Workflows

INTERNSHIP

ABS Home Plans

June 2024 – July 2024

- Assisted with conceptualization and design development of residential and commercial projects, including architectural drawings and 3D models using AutoCAD and SketchUp.

Software Used: AutoCAD | SketchUp

PROJECTS

Academic Project – School (Delhi) January 2024 – May 2024

Designed a climate-responsive school emphasizing user comfort, daylighting and functional circulation. Developed the master plan, floor plans, elevations, sections and 3D visualization.

Software Used: AutoCAD | SketchUp | D5 Render

October 2025

Academic Project – Varanasi Urban Ropeway

Designed a multimodal ropeway station focused on efficient passenger circulation, climate-responsive planning and contextual architecture. Inspired by Raj Rewal, the proposal integrates modular structural expression, shaded public spaces and human-scale transitions.

September 2025

Academic Project – Mixed Use Hotel

Designed a Timeless Mixed-Use Urban Precinct in Greater Noida, Uttar Pradesh, integrating retail, office/business, and a 4-star hotel within a 14,000 sqm site. The project focused on contextual planning, FAR optimization, zoning, circulation, climate-responsive design, massing, and timeless architectural expression, with emphasis on creating an integrated and adaptable urban environment.

FREELANCE

Premium Gym Planning – Sulthan Bathery, Kerala

NOVEMBER 2025

Developed the architectural space plan and equipment layout for a premium gym, focusing on efficient zoning, circulation, workout areas, reception and changing facilities.

Software Used: AutoCAD

Residential Elevation & 3D Visualization

NOVEMBER 2025

Designed the exterior elevation and developed a 3D visualization for a small-scale residence, focusing on façade composition, material selection, proportion and a clean contemporary character.

Software Used: SketchUp | D5 Render

CERTIFICATIONS

- Autodesk Revit Architecture Professional, 2023
- Participated in the 6th Neo-International Conference on Habitable Environments and International Professionals Meet (NICHE-IPM) 2025
- Society for Conservation and Research on Cultural Heritage, 2025
- Capacity Building Training Workshop on Energy Conservation, 5th–9th February 2024

PROFESSIONAL DEVELOPMENT

- Workshop on Air Conditioning:

January 2022

LPU, PUNJAB

- Seminar on Fire and Safety in Buildings
Delhi

EDUCATION

- St. Joseph's Higher Secondary School

Wayanad, Kerala
April 2018 - March 2020

- Bachelor of Architecture (B.Arch) — Lovely Professional University, Punjab | Pursuing
